

**Cheap doesn't need
to be bad.**

Different meanings of the word cheap.

There are different ways of building cheaply in zoos.

- Built cheaply but cost-effective, using restricted funds to maximal extent and with pleasing result.
- Built cheaply through use of cheap materials or homework not paying attention to the final outcome

Built cheaply, but cost-effective

Built cheap

The legacy of communism and restrictions in the 70-ties.

Creativity

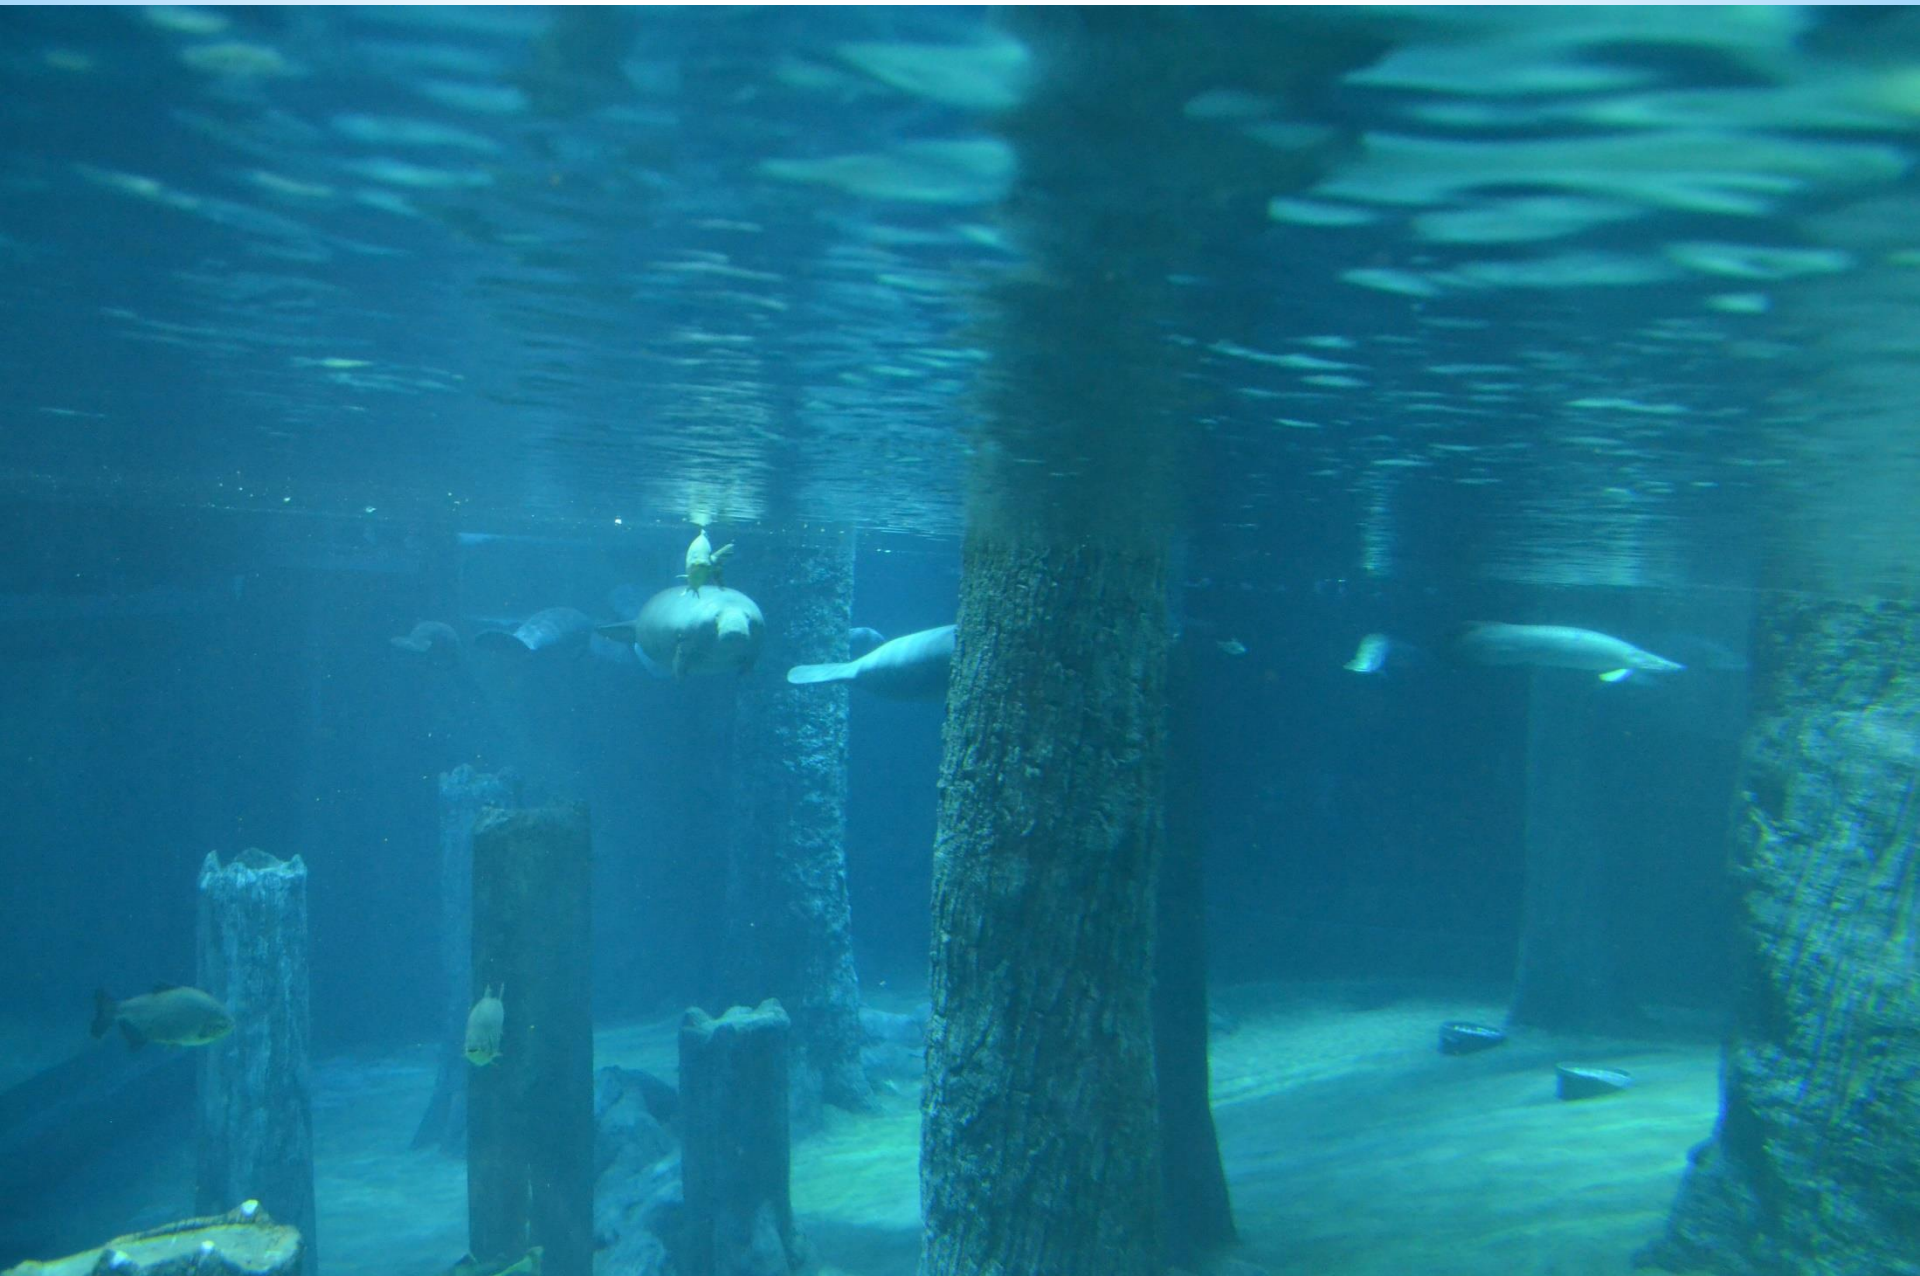

There are things you can't simply build cheaply

Too cheap is also bad.

Expensive doesn't necessarily mean good.
